Bathroom and Imprints

Dear Grace and Ibrahim,

For my draft I would like to create something that can help you in your washing process in a particular way. For that, now I need some information about your bathrooms and washing habits. Is it possible for you to bring any objects from your bathroom or what you use for washing? I would love to see some pictures of these objects.

Imprints

The Task for this week is to make some imprints with clay. You can imprint everything you like or everything you think is interesting, has an interesting shape or objects which have a special meaning to you.

For example, I did some imprints of my nose and hand:

I hope you will have fun!
If you have questions feel free to ask.

I am looking forward to see your results :)
