

Team THREE STARS Shower

Dear Grace and Ibrahim,

I told you that I am interested in your bathrooms and your showers. I sent you the questionnaire and I was very happy to get your answers. It was really interesting for me to get an insight in your everyday life, especially the process of taking a shower.

I tried to create a help for you to carry your stuff (scrubber, soap and bucket with water) easier to the shower. I also did some experiments to produce a shower.

Now it's your turn! I would like to ask you if you can find other ways to get the water easier on your body. You can take my experiment as inspiration and use bottles with holes or you can think of other examples and possibilities.

Have fun and be creative!

I wish you a merry christmas and a happy new year!
Enjoy your holiday and I am looking forward to work with you in the next year.
